

Holding Hands with Mum

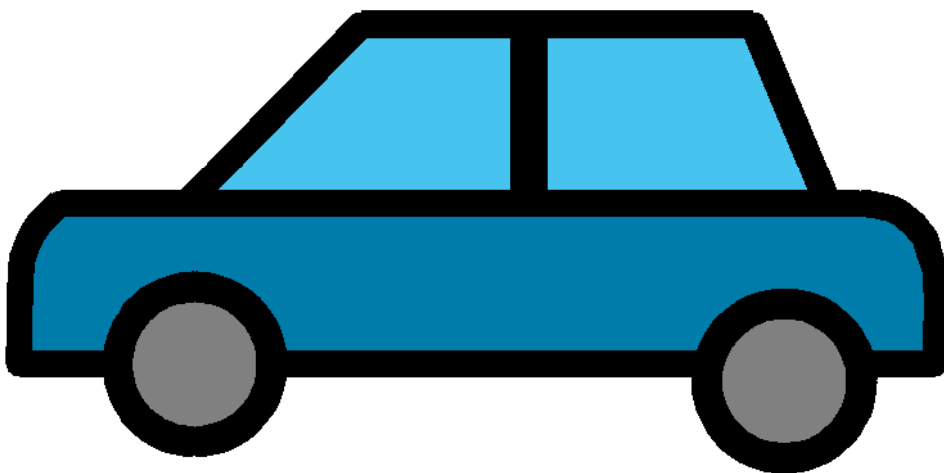

We can go to the shops, to the playground,
to kinder, or somewhere else.

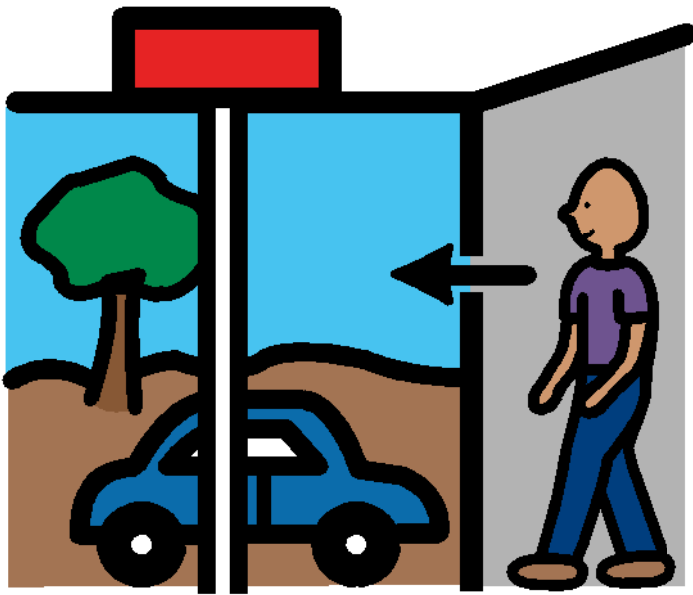

Sometimes I like to go out with my mum.

2

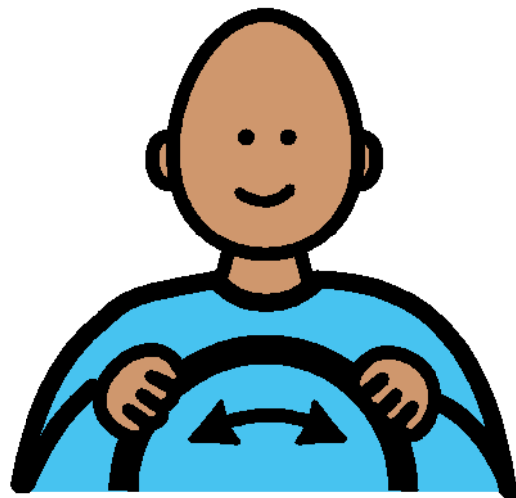

Sometimes when I go out with mum, we go in the car. The car helps us get to places faster.

4

When we go outside the house and walk to the car, I will hold mum's hand.

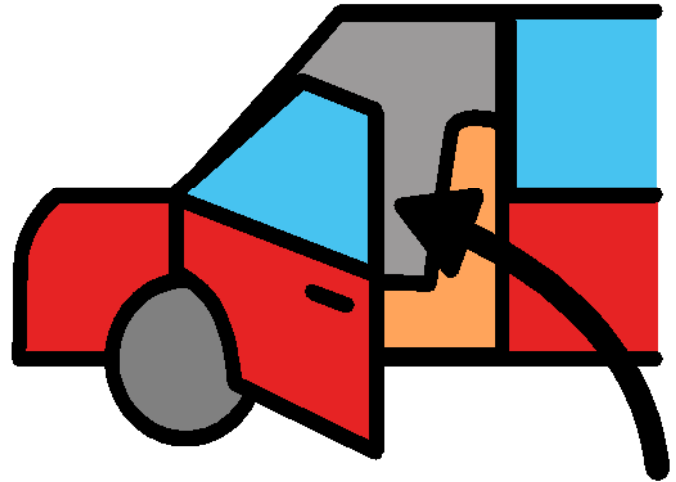

5

Mum will help me put my seatbelt on.
Then we can drive wherever we need to go.

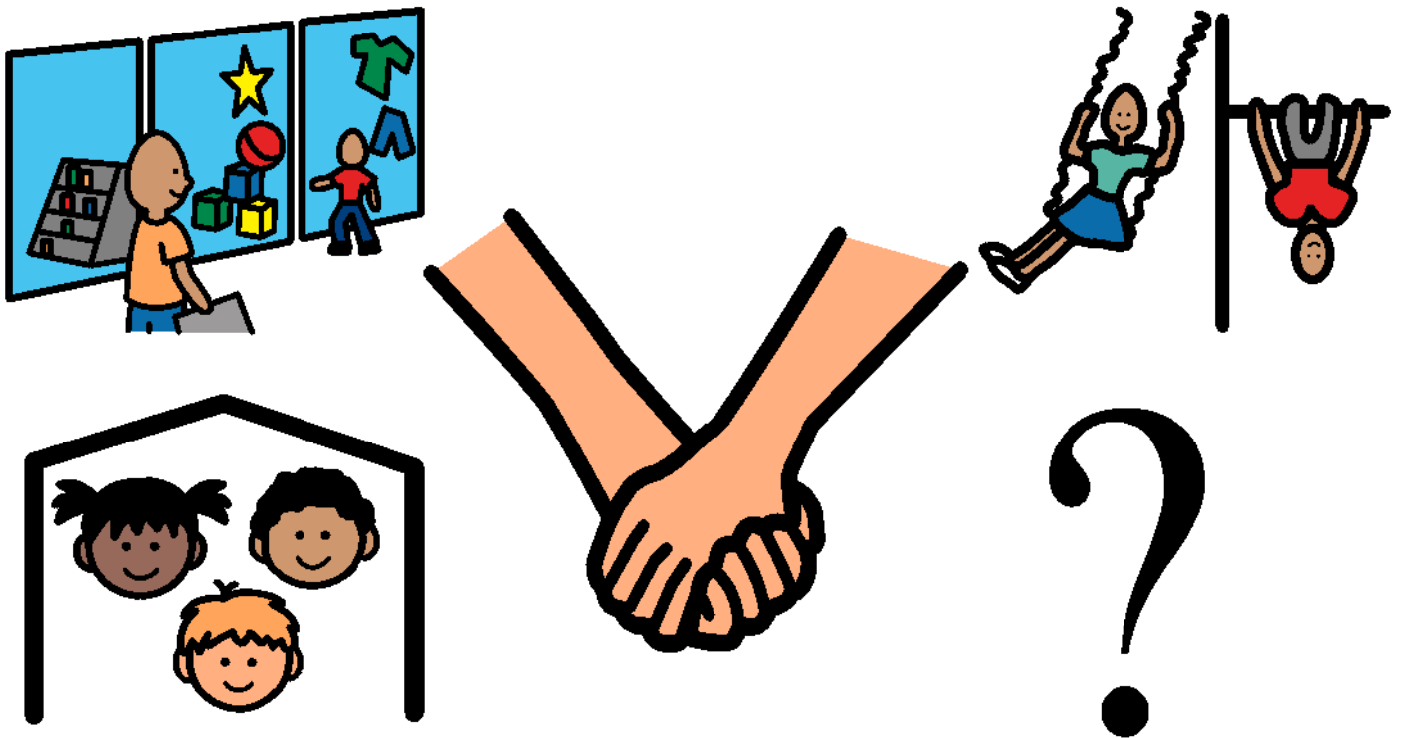

7

wait

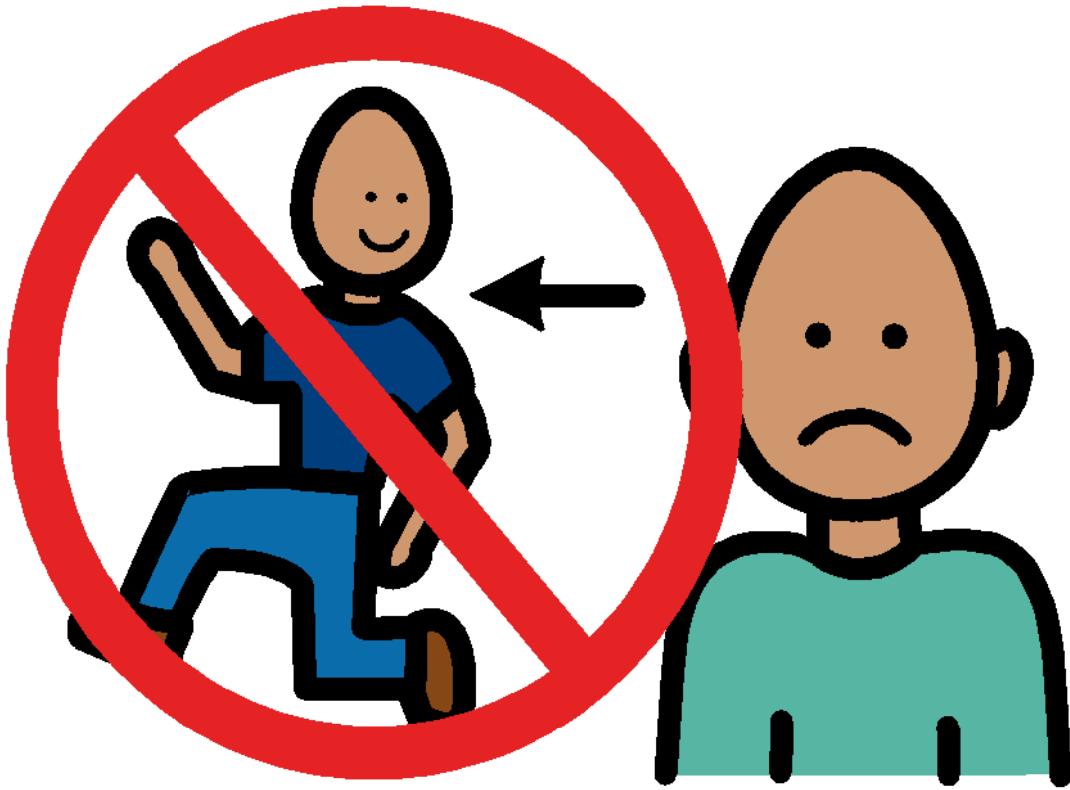

When we get to the car, I will wait next to mum. When mum opens the door, I will get in the car and sit in my seat.

6

When I am walking with Mum at the shops, at kinder or somewhere else, I hold Mum's hand.

8

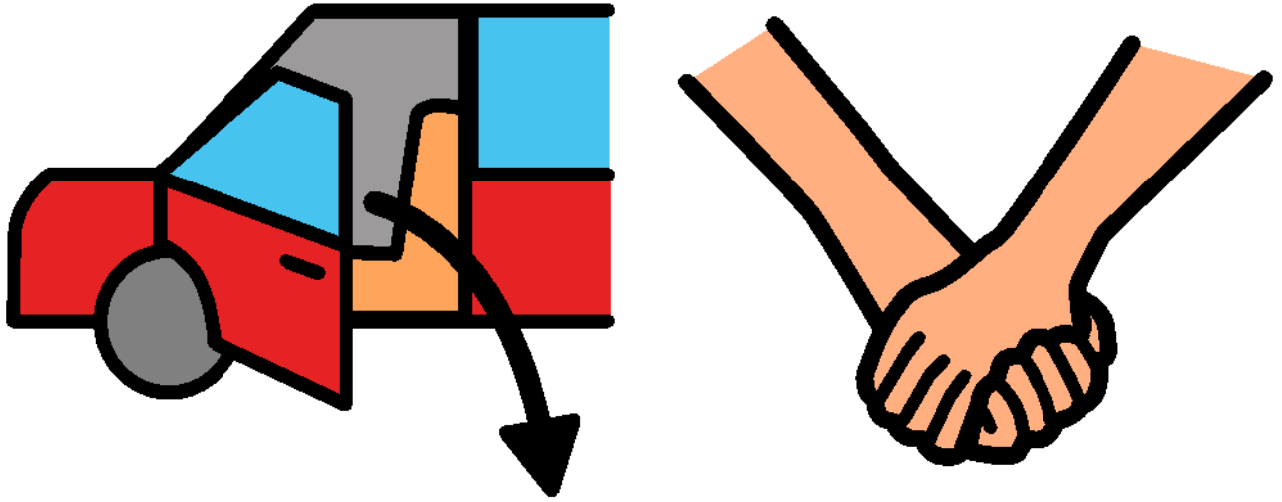

It is not ok to run away from mum when we are walking together.

9

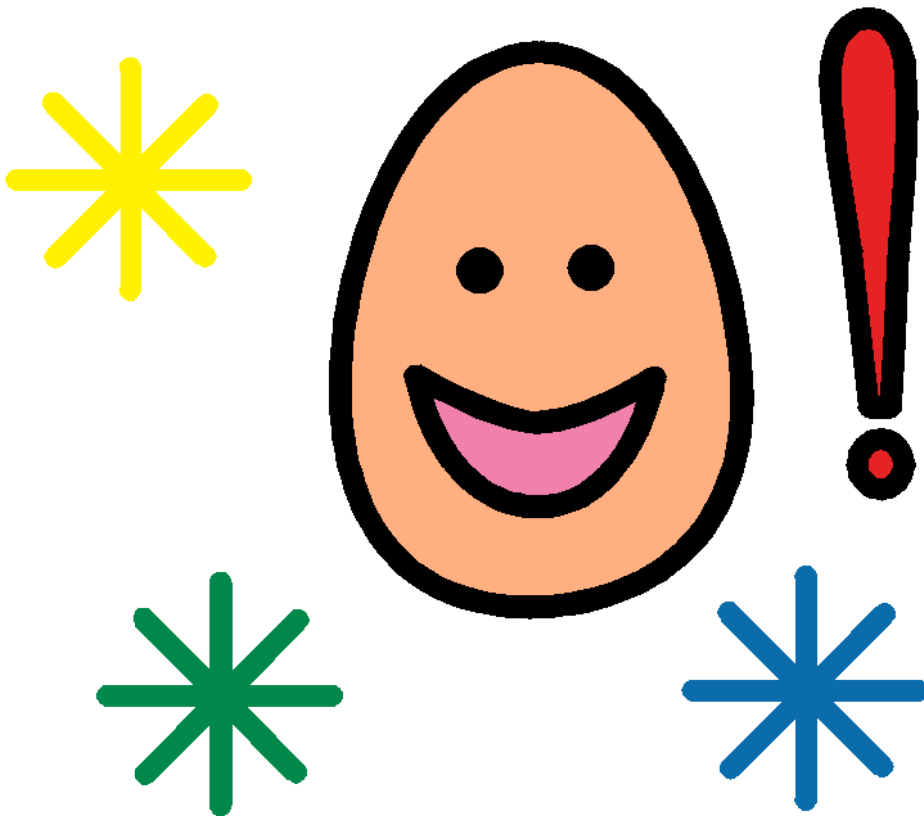

I will wait next to mum until she opens the door.
Then I will go inside the house.

11

When we drive home again, Mum will help me get out of the car. I will hold mum's hand and walk to the house.

Mum is very happy if I hold her hand when we walk together.
