

GOING TO A BIRTHDAY PARTY

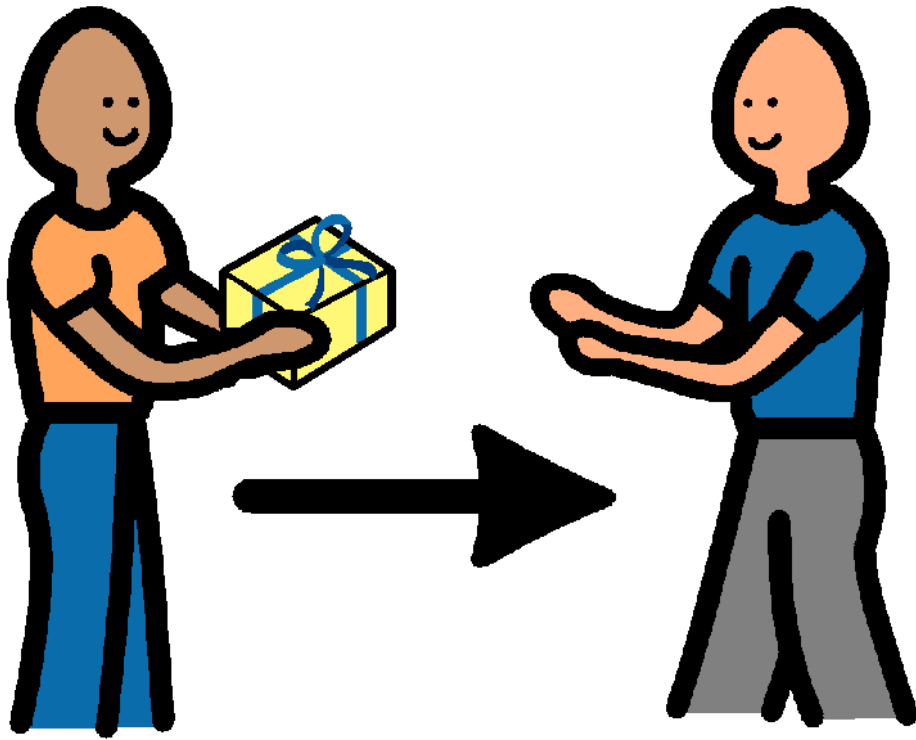

Sometimes my friends will invite me to go to a party for their birthday.

I like to play with my friends at school.

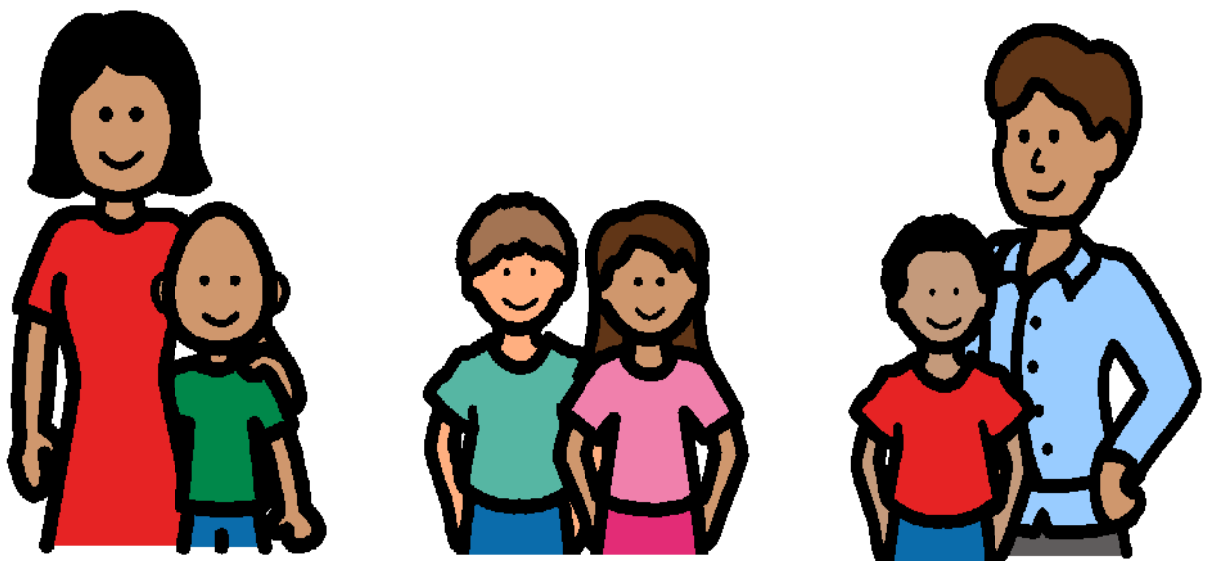

The party could be at a house, or a play centre, or somewhere else.

When I arrive at the birthday party, I usually give my friend a present.

5

At the party, there will be other children and Mums and Dads.

7

Then I will say "Happy Birthday" to my friend.

6

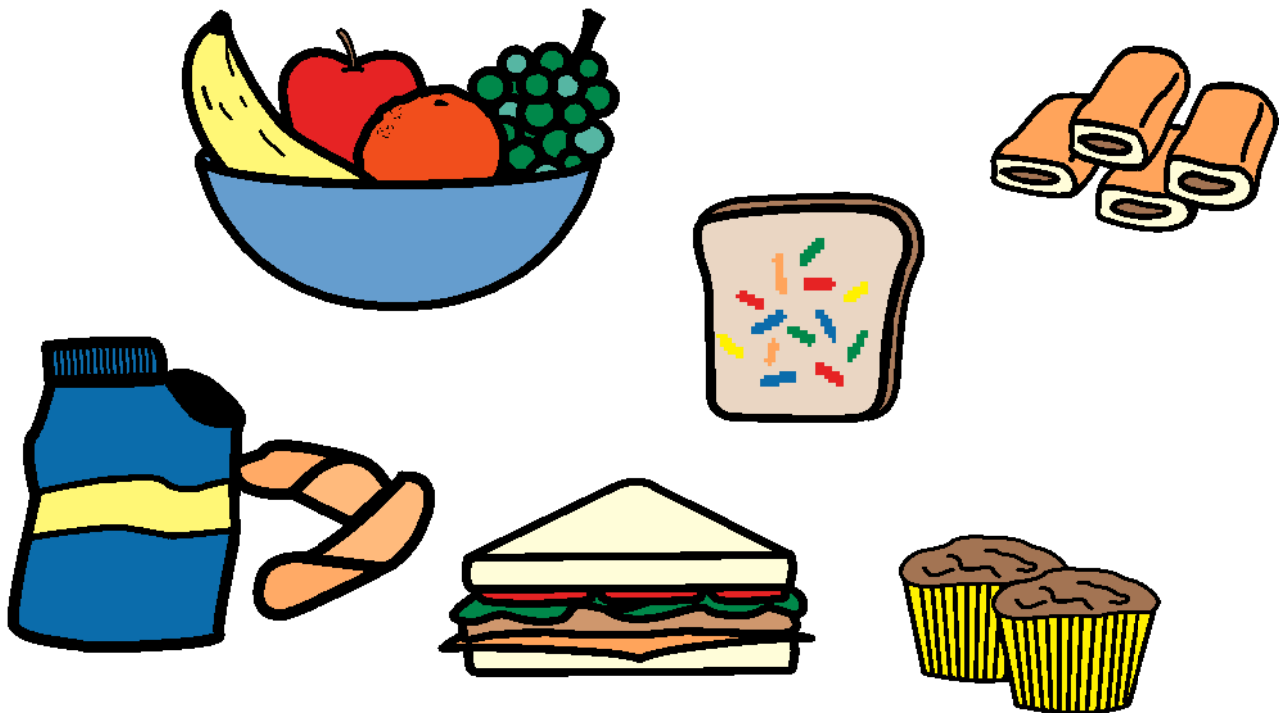

Sometimes there will be games to play.
We might play pass the parcel.

8

We might play musical chairs, or something else.

9

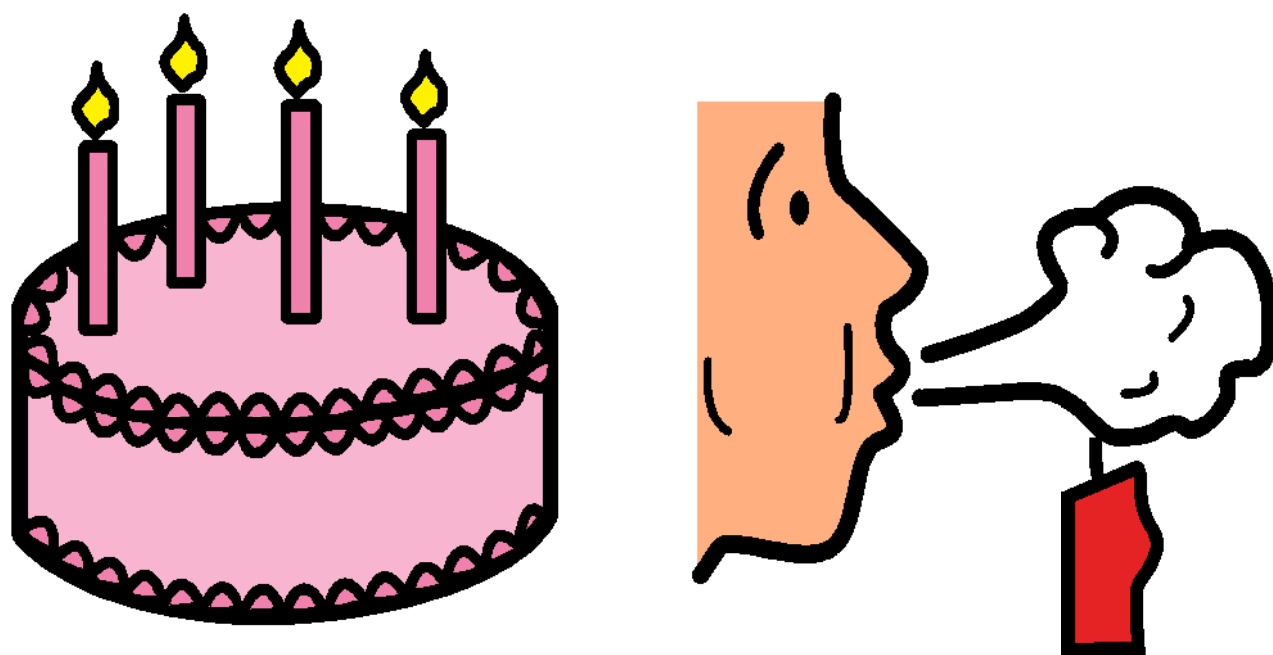

Then we can have something to eat. There will be lots of different food to choose from.

11

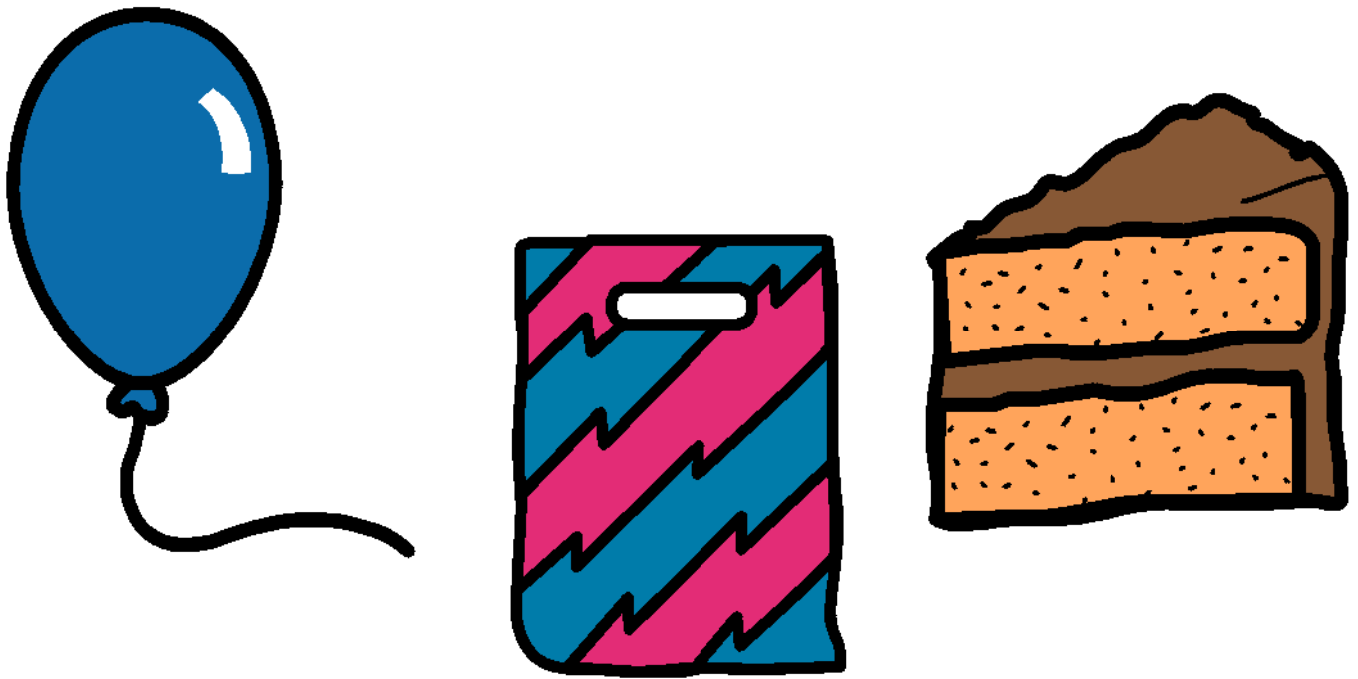

When it is time to eat, we will usually sit together at the table.

10

After we have eaten, it is usually time to sing Happy Birthday. Then my friend will blow out the candles on the cake.

12

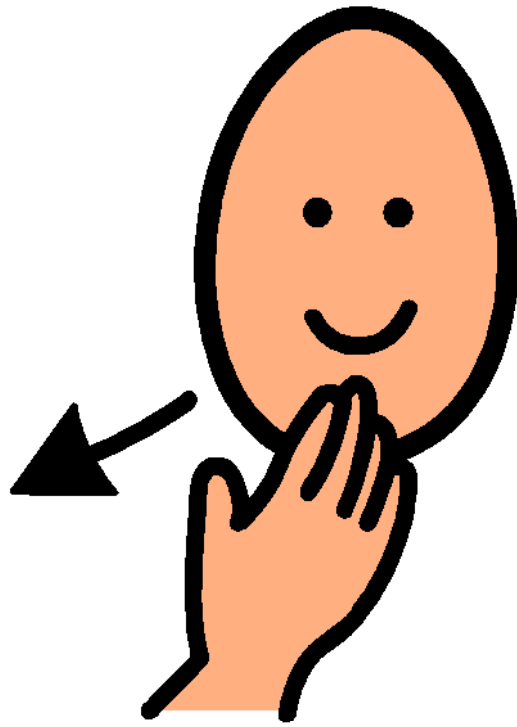

When the party is finished, my friend may give me a balloon, or a lolly bag, or something else to take home.

13

Then it will be time to say "goodbye".

15

It is good to say thankyou to my friend for asking me to the party.

14

Birthday Parties are lots of fun!
